

Taylor Reed

Cybersecurity Analyst | taylor.r.fake@example.com | (555) 010-8888

Professional Summary

Detail-oriented Cybersecurity Analyst with 5 years of experience in threat hunting, vulnerability management, and incident response. Proven ability to secure enterprise networks and applications against advanced persistent threats. Certified Information Systems Security Professional (CISSP).

Professional Experience

Security Operations Center (SOC) Analyst | SecureNet Defense (2020 - Present)

- Monitored SIEM (Splunk) alerts to identify and triage security incidents, neutralizing 15+ high-severity threats including ransomware attempts.
- Conducted regular vulnerability scans using Tenable Nessus and collaborated with engineering teams to remediate critical CVEs within 48 hours.
- Authored and updated incident response playbooks, reducing average response time by 30%.
- Performed regular phishing simulation campaigns and conducted security awareness training for over 1,000 employees.

Information Security Specialist | CorpTech IT (2018 - 2020)

- Implemented endpoint detection and response (EDR) solutions across 2,000 corporate endpoints.
- Assisted in compliance audits (SOC 2, ISO 27001), ensuring all technical controls were documented and effective.

Education

B.S. Cybersecurity | National Tech University (2014 - 2018)

Technical Skills

Tools: Splunk, Wireshark, Nessus, CrowdStrike, Kali Linux, Metasploit

Concepts: Incident Response, Threat Hunting, Vulnerability Assessment, Penetration Testing, Risk Management

Certifications: CISSP, CompTIA Security+, CEH (Certified Ethical Hacker)
